

8° SOUTH *with the Rabenolds*

House in mid-construction

Greetings from 8 degrees south of the equator!
We are in our new house!
The ministry is in full swing!

Disciple the Nations—The Forest in the Seed Training, a Biblical Perspective on Resources and Development has challenged our discipleship team. This revolutionary training focuses on helping us identify how our worldview affects the way we live. Why do we believe certain things to be true? When our worldview is gleaned from our culture we get some good things but also many bad. What does it mean to have a biblical worldview? How can having a biblical worldview set us free to utilize the resources God has put around us as well as open our eyes to resources that have remained invisible to us?

Kim helping Stella get used to her new wheelchair.

We are grateful to be working with committed pastors such as Paskali, George, Juma, Eliam, and many others who continually challenge men and women to place their faith in Christ, restoring the relationship between man and God lost at the fall. We consider ourselves conduits of your generosity to these men and others as they selflessly reach out to the needy and hurting. Purpose, joy, and fullness can only be found in Jesus our Savior.

Introducing pineapples to the Valley!

Agricultural training began this year with the visit of 119 young people from our local village secondary school. They asked many great questions and we were able to challenge them through the things they saw while visiting us. These projects give us unique opportunities for people to see our good works and glorify our Father who is in Heaven (Mt. 5:16)!

What just happened? The home at the Agriculture Training Center in Nsanga has completed implementing a Monday Morning Prayer, report, and training time for our

Boaz has been together with us for two years. He is one of the men God has brought into our lives. He as well as other men form a team with which we minister to local people. His special gifts are teaching and evangelism. He is an especially good farmer who has been trained in horticulture.

national team and planting 20,000 pineapples. Six wheelchairs have also been purchased and distributed.

What's in the near future?

• Savannah will be married to James Phillips on May 5 with two receptions planned—one in Iringa mid- May and the other in the USA in the fall.

- Honey harvesting and training for local beekeepers.
- Training in erosion control as well as environmental protection training in horticulture.
- Starting a water project in Lyanza village.
- Breaking ground to build the Sandulula Agriculture Training Center.

Pastor Paskali praying for four new believers in the Ilemba church.

Ted and Kim enjoying life!

“Then the Lord took the man and put him in the Garden of Eden to work it and take care of it.” Gen. 2:15

Picture of our agricultural training center located in Nsanga village. You can see some of the hybrid papaya orchard as well as pineapples in foreground. Our house is on the right and guest house as well as workshop on the left. Due to your generosity all this has been accomplished in the past year and a half!

Six of the men on our leadership team. Jaffedi, Boaz, Eliam, Jericho, Noriki and Frenki all participate in our Monday morning meetings. As disciples of Christ we hope to develop a “team” of people who recognize and develop others. Please pray for our team!

Completed house January 2019. We moved into the bedroom upstairs in February, but just recently got the kitchen and dining room done downstairs.
